Carranza Leader Gives Villa Party 48 Hours to Quit.

Offer of Armistice Is Spurned by Advancing Commander.

UNION URGED TO SAVE BLOOD

City's Evacuation Is Proposed as Only Alternative.

Washington's Eye Focussed or Mexico's Military Situation.

Washington, June 14 .- Attention of Washington officials was focused in Mexico, where there was a possibility of important developments which might bring ultimate peace in the southern republic. Chief interest centers in the outcome of the prospective battle between Carranza troops and Villa forces for the possession of Mexico City, now in the hands of

Advices received here from Carranza sources at Vera Cruz said Gen-eral Pablo Gonzales, a Carranza commander, who is now moving toward Mexico City, had been approached by members of the convention party from the Mexican capital, with an offer of an armistice. His answer is said to have been that the forces in Mexico City had better join the Carranza forces or evacuate the city without whattling blood

According to the same information, Gonzales gave the delegates fortyeight hours to return and present his sition to the convention

keeps cases on the cost of wheat pro-duction believes his figures are not ex-cessive. Just what his returns will be are a matter of uncertainty.

Recently J. C. Mobler, secretary of the state board of agriculture, estimated that the farmer received an

the state board of agreement received an mated that the farmer received an average of \$1 a bushel for his 1914 crop, much of which was sold early at 70 cents or less. This year there is a tendency to hold the crop. If war prices should be continued, the price might average as high as \$1.10 a bushel, or \$143,000,000 for the year's crop.

The S. W. Brundage shows, which are to exhibit in Topeka for one week beginning tonight, arrived by special train late yesterday afternoon. The flat cars were immediately unloaded and the wagons hauled to the grounds and the wagons hauled to the grounds.

Mohler, secretary of the state board of agriculture, were to the effect that the Kansas wheat crop of 1914 was produced at a cost of \$10.65 an acre. Officials said no attempt would be made to operate cars today.

One Day's Fares, 3,000,000.

Approximately 3,000,000 fares are collected on the two electric systems daily. The surface lines collect 2.400,000 and the elevated 600,000. There are 3,125 cars operated daily by the surface lines, and 1,518 on the elevated, which operates 215 miles of trackage. The surface line operates that the collect 2.500 miles.

The surface lines are 1,215 on the elevated, which operates 215 miles of trackage. The surface line operates 1,095 miles.

Produced at a cost of \$10.65 an acre. Using the same figures for the 1915 crop, the total expense will amount to \$92,514.100. These figures, of course, are based on the cutting. The surface lines collect 2.500,000 acres sown. Some of this wheat has been abandoned and will not be cut. Latest figures available, though, are used in making the estimate.

Figuring a cost of \$1 an acre for sowing, the expense would be \$8,870,-

the threshing and hauling expense of \$1.75 an acre will amount to \$15,522.-500. Use of tools is estimated at 27 cents an acre, or \$2,394,900 for this

Sale of the wheat crop at \$1.10 a bushel would mean \$143,000,000 to the farmers of the state. Dollar wheat would mean 130 million dollars, while a drop to 90 cents would put \$117,000,090 in the Kansos banks.

U. S. Note Arrays Berlin Editors in Two Factions.

OCEAN HORROR IS DEFENDED

Wilson's Denunciation of Lusitania Tragedy Resented.

Indictment, Writer Says, Is Opposed to Upright Friendship.

Berlin, June 14 .- While there is general disposition on the part of the Berlin press to recognize the friendly tone of the American note and the fact that it makes further negotiations possible, the newspapers are divided roughly, into two parties, one of which appears disposed to enter into negotiations looking into a compromise on a new basis; the other, by implication or expressly, rejects a departure from

the course heretofore followed. Among the representatives of the latter idea is the Tagliche Rundschau, which declares that while the note eeks a way to compromise, it seeks t along lines "which must result to the disadvantage of Germany." Tagliche Rundschau continues:

Wilson Words Sting. "The note, therefore, is calculated only to propose a settlement of German-American relations and not bring it about. The friendly tone we ac-knowledge, but the declaration that the sinking of the Lusitania was unparalleled in modern warfare opposed to the character of upright friendship."

The Rundschau defends the sinking

of the Lusitania, and in conclusion "The watchword is "The torpedoing will go on.'

The Kreuz Zeitung emphasizes Germany's right to prevent the shipment of ammunition to an enemy by every means. It also is unable to see what England can offer in return for the abandonment of the submarine campaign, "since the plan to starve Ger-amny has finally failed." No Agreement in Sight,

Count von Reventlow, in the Tages Zeitung, says: "If President Wilson persists in his refusal to recognize the German dec-laration of a war zone, we are not able to conceive of an agreement, or even a real understanding." Count von Reventlow adds: "President Wilson brushes aside

with a light gesture the chief part of he German note as unimportant." The Kreuz Zeitung finds the arguments contained in the American note

juite convincing. "The note," it says, "tries to meet Germany's well considered arguments with an appeal to humanitarian duties whereas Germany's first humanitarian duty is to protect her soldiers from American ammunition shipments."

Labor Takes Place in Security League Conference.

Appeal to Toilers Asks Co-operation Against Annihilation.

New York, June 14 .- Soldiers, sailors, statesmen, clergymen and representatives of labor and of business men met today to discuss the military needs of the nation. The National Security league, with which the idea of the gathering originated, named it the peace and preparation conference. To supplement arguments to be advanced by a number of prominent speakers, the league has installed in the Hotel Astor an exhibit of the machinery of warfare ranging from small arms to a White Head torpedo twenty-one feet long.

at a mass meeting tonight in Carnegie Hall. The speakers include the Rev. Dr. Lyman Abbott, and two former secretaries of war, Henry L. Stimson and Jacob M. Dickinson.

The letter sent by the conference committee on national defense inviting the labor unions to send representatives, said:

"The two classes that pay for the ravages of war most heavily are the laboring classes and the women of the country. In the event of our being called upon for the presentative an important element in the human bulwark of the nation. Wives, sisters wark of the nation. Wives, sisters and daughters would live to see the annihilation of our unequipped men in the scientific attack of modern war. With a well organized, efficient and powerful system of national defense, the conscription and murder of our masses would not take place."

HOFFSETTE WILL FIGHT

Alleged Wife Deserter Prepares to Resist Extradition.

John Hoffsette, the alleged wife deserter whom local authorities are en-deavoring to bring here from across has announced his intention of fight-ing extradition. His preparations for defense indicate that he has taken seriously County Attorney W. E. Atchison's declaration that he intends to put him in the penitentiary and he has hired a lawyer to save him from answering in the Kansas courts

A wire to Sheritt I. I. Kiene today advised that official that Hoffsette's attorney would appear before Gov-ernor Majors at Jefferson City on Wednesday when the Kansas requisi-tion will be heard. Hoffsette will show the Missouri authorities that his wife, Ada Hoffsette of Topeka, has already brought suit against him for divorce. The complaint on which the Kansas warrant has been issued, however, is small children, and Atchison believes the fact of the divorce suit will not mitigate against the success of the criminal pursuit.

TODAY'S MARKET REPORT.

Chicago, June 14.—WHEAT—Wheat hardened in price today influenced by strength at iLverpool less afovorable crop report from abroad and by unsettled weather southwest. Oklahoma advices were to the effect that rain delay to harvest was becoming serious. On the advance, however, iongs showed a disposition to realize profits. After opening unchanged to %c higher, the market kept for a time within that range.

Later a sharp decline took place, owing to lack fo export demand and to prospects of clearing weather in Kansas tonight. The close was weak at 3c to 3%c net decline.

CORN—Excessive moisture that hindred cultivation and interfered with shipping gave a lift to quotations for corn. Cash demand though was not so urgent as last week. Opening prices, which ranged from %d%c to %d%c higher, were followed by some additional gains.

The late setback in wheat falled to make a decided impression on corn. The close was unsettled at the same as Saturday night to a rise of %c.

OATS—Oats ascended with corn. Wet weather was said to be preventing the crop from maturing as fast as would otherwise been the case.

PROVISIONS—Stop loss selling weakened provisions. Pork led the decline.

Minneapolis wheat stocks decreased 60,000 bushels Friday.

Elevator stocks of wheat in Kansas City decreased 98,712 bushels last week and corn stocks decreased 293,743 bushels.

Exports from the United States and Canada Saturday were 620,000 bushels of wheat, 8,000 burnels of flour, 40,000 bushels of corn; wheat and flour combined, 656,000 bushels.

A message from Okeene. Okla., says: "Weaht in this territory is generally fine. There is some unimportant damage by army worms. Crop is maturing fast and filling well. Some harvesting will be done next week. Average yield should be about 20 bushels an acre. Oats are fine."

Kansas City mills made 43,500 barrels of flour last week. The output the preceding week was 47,000 barrels, and a year ago, 23,650 barrels.
